Eat Less Meat if You Feel Back achy or Have Bladder Trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Manning and McLaurin Working Together to Strengthen Law.

Columbia, Sept. 27.—Governor Manning and Warehouse Commission-Columbia, er McLaurin held a lengthy confer-ence in the governor's office a few days ago, discussing the advantages several days to make arrangements with the state fair society for a big exhibit at the fair this fall.

"We expect to send a fine exhibit to the fair this fall" said Mr. Baker, "and many of the corn cub boys will attend. I believe that prosperity has returned to the state."

Miss Edith L. Parrott, state agent for the giris' work was also here to confer with the fair officials. More than 3,000 young girls and women have been enlisted in these clubs. as to what is best to be done in per-feting this law that means so much to the cotton producing interests of South Carolina. It is likely that Gov-ernor Manning and Commissioner McLaurin will hold frequent conferences on thir matter before the egislature meets in January and the results of these conferences will probably be embraced in a message from the governor to the legislature during the early part of the next session.

UNIVERSAL THE BLIOU EVERY THURSDAY

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted derinatelogist.

He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Ezema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Ezzema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of bold-sulphur, which is applied to the affected parts in the same manner as an ordinary cold, cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Ezzema, in over years welcome.
